

TRADE AT F. M. PERKINS' STORE. IT'S SAFE.

The Gasoline Law.

Since August 1, the merchants in Missouri who retail gasoline or other explosive oils, will have to put these oils in red cans and label them with the proper name of their contents. This is in accordance with legislation enacted by the last general assembly. Section 6838 B., reads in part as follows:

"Every person within this state retailing gasoline, benzene, and other kindred high explosives, in less than carload lots, shall after the first day of August, 1913, deliver same to the purchaser only in barrels, casks or packages, painted vermilion red, and having the word 'gasoline,' 'benzene' or whatever name such explosive is known by, plainly printed or stamped thereon in English."

A close reading of the law will show that individual users need not have red cans; but they must label their cans.

The grand jury in session last week found 31 counts and 17 informations against A. C. Tindle on account of the Pemiscot County Bank failure, Mr. Tindle being cashier of the bank. Owing to the secrecy of the grand jury the nature of the indictments cannot be made public at this time. Mr. Tindle, who has remained in the city, except on business, since the financial crash, did not wait to be arrested, but when he learned of the charges against him, walked into the circuit court office and made bond for his appearance at next term of court. His bond was fixed at \$8,500 and was signed by C. R. Pierce, Judge Elder, J. M. McElvain and A. C. Tindle.—Caruthersville Democrat.

There have been 73 dogs killed this week, that is, we know of that many. Marshal Lay has certainly been doing good work this week and the people are sending for him to come and kill their dogs. We expect many more will meet their fate before the week ends. A good many good dogs have been poisoned by some one.—Dunklin Dispatch.

Geo. W. Webb of Braggadocio was in town Saturday evening, and brought in some nice specimens of soy beans. He has a nice start of them now. They grow on a stalk and produce an abundance of bean pods. The plant is an Asiatic fabaceous herb, and is used in China and Japan as a food. In this country it is grown as a forage.

Wm. Tucker, who has the contract for building the levee at Point Pleasant, passed through Hayti Saturday morning. He informed us that his contract is nearing completion, and that he expects to get a contract on our levee front. He is well fixed to do levee work, having his own teams and tools, and being a home man, we would like to see him procure the contract.

Since the dog crusade began, less than two weeks ago, Marshal Lay and his deputies and dog catchers, have killed 106 dogs and the crop is not entirely worked out. Many worthless curs are being hidden, in the barns, back rooms, under the houses and elsewhere; but they will have to be licensed. The tags are here, and every dog must wear one, or be killed. No use of putting off the duty of buying a tag.—Kennett Democrat.

Mrs. Fred Osborn, living two miles south of New Madrid, shot and seriously wounded Bill Turner, Sunday evening. The ball entered the face, just below the nose, and passed out the side of the neck. She used a .38 revolver. The woman was placed in jail, and claims that the man insulted her.

Dan Griffin of Marston is putting down the foundation for the electric light machinery. The machinery is expected to arrive about the 23rd, and should be in operation in about fifteen days after its arrival.

Now is the time for every friend of the Herald to put his shoulder to the wheel. The enemy is making its last stand. All together, and let's rout him.

Chas. Goodrich, Eli Shamski and family and Miss Hatcher of Caruthersville formed an automobile party to Hayti Sunday.

Mrs. Chas. Wickham returned Tuesday from a ten days' visit with friends and relatives in St. Louis.

S. F. Wallace, one of our good farmers, happened to lose the misfortune to lose \$15 of \$19 he had just been paid while in town Tuesday.

Andy Hampton was in town Saturday, delivering a lot of life insurance policies to our good farmers.

How to Build Up or Tear Down This Community

BY J. O. LEWIS

The Strength of the Wheel.

THE wheel, composed of hub, spokes and tire, is one of the most useful and one of the strongest of man's mechanical devices. It also illustrates well the manner in which various parts are needed to make a perfect whole. A GOOD TOWN, A CENTER OF TRADE, RESEMBLES A WHEEL. With all of its contributing factors closely wedged in like the spokes fit into the hub of a wheel the prosperous country surrounding it holds it together like the tire holds the wheel.

So long as all parts are in place the device runs smoothly and is a perfect machine. Remove a spoke and THE WHEEL AT ONCE BECOMES WEAKER and is no stronger than its weakest point.

TO HAVE AND TO MAINTAIN A GOOD SOLID TOWN EVERY KIND OF BUSINESS MUST BE FIRMLY ESTABLISHED, AND AROUND THESE MUST BE UNITED PEOPLE WORKING FOR THE COMMON GOOD.

Destroy the mercantile business or the manufacturing business or the banking business and, like removing a spoke from the wheel, you weaken the interests of the whole.

Send your money to mail order houses or patronize merchants in other cities and you take away that patronage which rightfully belongs to the home merchant and thereby undermine the business of the town. All classes of kinds of business are so closely related and interlocking that when you damage one you damage all.

But we have a beautiful little city, prosperous, growing and happy, and in it we have some of the best merchants, banks, mills, jobbers and factories, conducted by as fine a set of men as you will find anywhere on earth. We have fine schools, handsome churches, excellent public utilities and many fine buildings the equal of any city of its size in the entire country, and ALL MADE POSSIBLE BY THE BUSINESS MEN—big hearted, progressive and aggressive hustlers and boosters.

There is hardly a day that the business men—merchants, banks, jobbers, mills, etc.—are not called on to make a subscription or donation to some institution or some worthy cause—to do something, if you please, for greater building or better living. And that they generously give and have given is proved in the many institutions we have for the intellectual, moral and the spiritual uplift of our citizens. Therefore, when you solicit a subscription from these business men of your home city you should feel in duty bound to give them what assistance you can and to always patronize them to the exclusion of others and outsiders.

THE VALUE OF YOUR HOME, THE RENTAL OF YOUR PROPERTY, THE PRICE OF LOTS—ALL ARE BASED ON THE SUCCESS OF YOUR BUSINESS MEN.

If the town has a lot of vacant stores, idle factories, mills running on half time, there can be no substantial value to property. Therefore, to keep the stores rented, the dwellings occupied and a general good tone to property values it is necessary that you GIVE TO YOUR HOME PEOPLE YOUR ENTIRE SUPPORT.

Patronizing mail order houses is not altogether limited to poor people or to farmers or to people who do not know the hurt they are doing the home town, but is a common practice among certain well known, well to do men. I believe this is more the result of thoughtlessness and of being misled by embellished and highly exaggerated descriptions than through a spirit of antagonism to the home merchant. Moreover, I firmly believe that when you think over this matter seriously and carefully, analyzing it in every detail, that hereafter YOU WILL GIVE YOUR HOME MERCHANT YOUR TRADE.

Caruthersville Democrat: Dawson Wells, one of Hayti's most prominent young men, was in this city Tuesday. Dawson had learned from previous visits that a certain corner is a good place to get a view of the "best looking" part of our population, and it was there he was to be found most of the time during his stay in town.

Tuesday at noon two big bullies invited little Billie Wilson out of town to "take him to a cleaning," and when they got out there and got mixed up with Billie, they were sadder but wiser men. Esq. Gwin and Assistant Prosecuting Attorney Wilks said they thought the fun was worth about \$13 around.

Earl Bogan, who has been with Dr. Trautmann's Drug Store for some time, went down to Luxora, Ark., Tuesday, and bought the Driver Drug Co. drug store, and will leave in a few days to take charge of same. He has many friends here who wish him well, and we heartily commend him to the people of Luxora.

USE OF CALOMEL PRACTICALLY STOPPED

For Bilious Attacks, Constipation and All Liver Troubles, Dangerous Calomel Gives Way to Dodson's Liver Tonic.

Every druggist in the state has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is often dangerous, and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," says Leiders Drug Store.

Dodson's Liver Tonic is personally guaranteed by Leiders Drug Store, who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of sluggishness, you have only to ask for your money back. It will be promptly returned.

Dodson's Liver Tonic is a pleasant, pure, vegetable remedy—harmless to both children and adults. A bottle in the house may save you a day's work or keep your children from missing school. Keep your liver working and your liver will not keep you from working. (Advertisement.)

CAMPBELL LUMBER CO.

WE INVITE ALL WHO ARE ABOUT TO BUILD (or "FIX THINGS UP") TO CALL AT OUR OFFICE AND SEE THIS PIECE OF CYPRESS LUMBER

THAT HAS BEEN EXPOSED TO WEATHER AND "ON THE JOB" 91 YEARS

WITHOUT EVEN A COAT OF PAINT

The piece we have been fortunate enough to secure is about 7 in. square—and after a century of beating rains is WORN but SHOWS NOT A TRACE OF ROT

We have also secured the signed statement of Father Maring, President of St. Charles College, La., establishing the remarkable facts of the case.

The old St. Charles Church, from which this piece came, was in regular use until taken down to make room for a larger structure—and THE CYPRESS LUMBER composing it WAS AT ONCE USED TO ERECT A GYMNASIUM on another site.

COME IN AND EXAMINE THIS

It is true that CYPRESS RESISTS in a remarkable way the ROT influence so destructive of most woods. We will gladly give information.

WE FILL ALL CYPRESS ORDERS PROMPTLY

We also carry a complete line of all standard Lumber Products and Building Materials. Prompt attention to all orders. Lowest prices consistent with worth-while qualities. WE SOLICIT YOUR FAVORS
